

## Retail Media, Auckland

Retail & Hospitality

**Client:** Retail  
Media

**Architect:**  
Fearon Hay

**Builder:**  
Labour only

**Project Description:** The design and construction of a modern, open-plan office environment within an historic Auckland wool shed that dated back to the early 1900's. Also, the subdivision of the property, and the design and build of a café sub-tenancy.

**Our Role:** As the client representative, we coordinated all aspects of this project, including the architects, specialist consultants, and the Council. We set up a labour-only contract, and tendered and arranged all contractors and suppliers through to the completion of the works.
